Community Open Forum on School Expansion - May 31

Please join us on Wednesday, May 31st at 7:00pm in the Grandview Cafeteria for the second Community Open Forum regarding the expansion of our schools.

Over the last year, the Board of Education has discussed the long-term capital requirements of our schools in light of aging buildings and expected demographic changes within North Caldwell. The Board, in cooperation with our architectural firm, has compiled and reviewed a list of the District's short-term and long-term facility needs and developed a number of school expansion options for consideration.

At this Open Forum, the Board will share additional updates with the community and gain input and feedback before the Board makes any capital or long-term planning decisions. Please plan to join us to be informed and to share your perspectives with the Board.
