PARCC Test Results to be Reviewed at Oct. 18th Board Meeting

At the next board meeting, Tuesday, October 18th, Dr. Freda will review the PARCC Math and English Language Arts results for grades 3-6. Specific areas that will be reviewed during this meeting include:

- Types of data sources received
- How the administrative team uses data sources to review curriculum maps
- Alignment of curriculum with core curriculum standards
- Determination of curricular strengths and challenges
- Individual student test results to assist in differentiating instruction

If you would like to learn more about the PARCC results and their impact on your student's education, please join us Tuesday, October 18 at 7:30pm in the Grandview cafeteria.

Board of Education Engages in Long-Range Facility Planning

At the last several meetings, the Board of Education has discussed the long-term capital requirements of our schools in light of aging buildings and potential demographic changes within our community. Consideration is being given to the possibility of major capital projects, including possible expansion of both schools. The Board, in cooperation with our architectural firm, is in the process of compiling and reviewing a list of its long-term needs and updating its demographic study to reflect the increase in the number of homes in the Borough. As we advance through the planning process, the Board will engage the community through a number of mechanisms to obtain feedback and opinions on the options available to the community. Any major expansion would be presented in a referendum, which requires a ballot vote through the election process. Long-range facility planning will be a primary focus of the Board over the next 12-36 months. If you are interested in this important topic, please join us at our regular meetings.

Classroom Highlights

- The **kindergartners** quickly became the "apple" of their teacher's eye this school year celebrating Johnny Appleseed's birthday. In his honor, they graphed a variety of apples all the while wearing his famous pot hat.

- In September, the **third graders** completed Peace Week. They learned about how to fight fair and how to handle situations with their peers. The week started off with a workshop on what peace means and the many symbols that represent peace. At the end of the week, they participated in a workshop on mindfulness and how to use their brain to focus and stay calm in stressful situations. The third graders had a lot of fun learning about peace from their teachers and special presenters.
