Strategy: Box the key words.

Read the problem or have someone read it to you. Draw a box around the key words that tell you which operation to use. Day 1 has been started for you.

Carla made 3 tacos. Her mom made 1 taco. How many tacos did they make altogether?

They made _____ tacos altogether.

Cory has 2 jars of candy. Dave has 1 jar of candy. How many jars of candy do they have in all?

They have _____ jars in all.

Tatum gave her dog 2 treats. Her dad gave her dog 2 more treats. How many total treats did Tatum's dog get?

Tatum's dog got _____ total treats.

Vivian planted 3 seeds in one pot. She planted 2 seeds in another pot. How many seeds did Vivian plant in all?

Vivian planted _____ seeds in all.

Name_____

The Five Senses

Our five senses are sight, touch, taste, smell, and hearing. Different parts of our bodies help with each sense. Eyes help us see. Hands and skin help us feel and touch. Tongues tell us how something tastes. Our ears help us hear, and our noses let us smell.

1. How many senses are there?
   A. four B. five

2. What part of the body helps us smell?
   A. the hand B. the nose

3. To taste, we use our _____.
   A. ears B. tongues

4. What is your favorite sense? _____

CD-104595 • © Carson-Dellosa

Name_____

1. Grace has 9 games on a shelf. Some of them are card games, and some of them are dice games. Draw a picture of all of the ways you can show the games on Grace's shelf.

2. Molly's team had 7 baseball gloves. They shared 3 of those with the other team. Act out the problem to show how many baseball gloves Molly's team has left.

3. Circle the number that is greater.

9 6

4. Write a number sentence that matches the picture.

_____ – _____ = _____

5. Eight players are on one team. Four of the players are in the dugout. The rest are on the field. Act out the problem to show how many players are on the field.

CD-104589 • © Carson-Dellosa

Name_____

One of the five senses is sight. We use our eyes to see. Some people wear glasses to see better.

1. Sight is one of the five _____.
   A. eyes B. senses
2. What tool can help some people see better?
   A. glasses B. gloves
3. Which word is more than one?
   A. eye B. eyes

We smell with our noses. We can smell sweet things, like flowers. Our noses also smell rotten things, like garbage.

1. What sense do we use our noses for?
   A. touching B. smelling
2. Which food smells sweet?
   A. eggs B. fruit
3. What do you like to smell? _____

Rex uses his tongue to taste food. He likes the taste of sweet things. Ice cream is his favorite.

1. What does Rex use to taste food?
   A. his eyes B. his tongue
2. What does he like the taste of?
   A. ice cream B. pickles
3. What do you not like the taste of?

_____

We use our ears to hear. Some people have a hard time hearing. They may wear hearing aids to help them.

1. What do we use to hear?
   A. the nose B. the ears
2. Hearing aids can help some people hear _____.
   A. worse B. better
3. What is the topic?
   A. smell B. hearing
