

Some great ways to incorporate *reading* into your summer vacation!

- Did you know that I-tunes has books that you can download onto your I-pod? Many of the Summer Reading titles are available- check it out!
- Form a book club! Read the books and have fun book club discussions.
- Use that time in the car or on the plane to read! It will be a much better alternative to asking your parents “Are we there yet?” over and over!
- Rainy day? Read a book and then go to teenreads.com and read other kids’ reviews of the book. You can post your own review there too!
